

OnCore Site Charters

Springfield, MA

Facility: 55,000 sq ft

Employees: 169

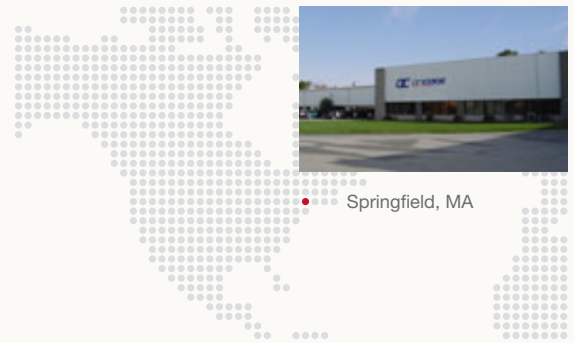

Market Segments: Military,
Medical, Industrial

Site Value Proposition: Flexible
low to medium volume assembly &
total system build; dock to stock;
Quick Turn & NPI

Manufacturing/Engineering

Capability: SMT & TH, DFM/
DFT, Level 5 box-build, Conformal
Coating, AOI, X-ray, ICT, Flying
Probe, Functional & ESS test

Quality Awards: ISO-9001,
ISO-13485, AS9100, IPC-610,
J-STD-01C, ITAR, FDA Registered

Velocity Wilmington, MA

Facility: 35,000 sq ft

Employees: 21

Market Segments: Military,
Medical, Industrial

Site Value Proposition: Quick
Turn High Speed Prototyping,
Value add engineering, DFM/ DFS/
DFT, rapid response & flexibility

Manufacturing/Engineering

Capability: SMT & TH, AOI,
Automated X-ray inspection,
ICT, Flying Probe, Boundary Scan,
Functional & ESS test

Quality Awards: ISO-9001,
ISO-13485, AS9100, IPC-610,
J-STD-01C, ITAR

Longmont, CO

Facility: 50,000 sq ft

Employees: 138

Market Segments: Industrial,
Military, Medical

Site Value Proposition: Quick
Turn High Speed Prototyping,
Value add engineering, DFM/ DFS/
DFT, rapid response & flexibility

Manufacturing/Engineering

Capability: SMT & TH, AOI,
Automated X-ray inspection, ICT,
Flying Probe, Boundary Scan,
Functional & ESS test

Quality Awards: ISO-9001,
AS9100, IPC-610, ITAR

OnCore Site Charters

San Jose, CA

Facility: 75,000 sq ft

Employees: 194

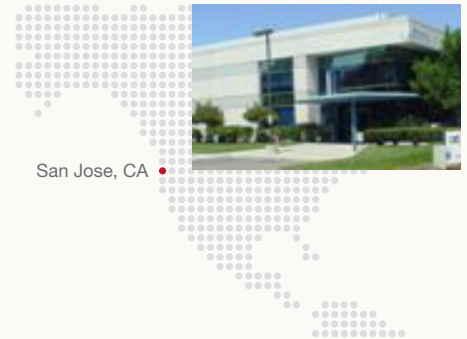

Market Segments: Industrial,
Military, Medical

Site Value Proposition: Quick
Turn High Speed Prototyping,
Value add engineering, DFM/ DFS/
DFT, rapid response & flexibility

Manufacturing/Engineering

Capability: SMT & TH, AOI,
Automated X-ray inspection, ICT,
Flying Probe, Boundary Scan,
Functional & ESS test

Quality Awards: ISO-9001,
ISO-13485, TL9000, IPC-610,
600, J-STD-001C, ITAR

San Marcos, CA

Facility: 80,000 sq ft

Employees: 354

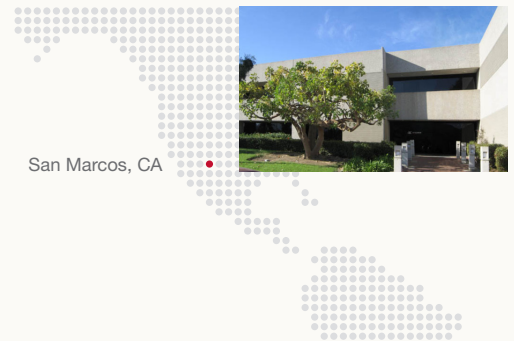

Market Segments: Medical,
Industrial, Military

Site Value Proposition: Quick
Turn High Speed Prototyping,
Value add engineering, DFM/ DFS/
DFT, rapid response & flexibility

Manufacturing/Engineering

Capability: SMT & TH, AOI,
Automated X-ray inspection,
ICT, Flying Probe, Boundary Scan,
Functional & ESS test

Quality Awards: ISO-9001,
ISO-13485, IPC-610, 600, ITAR,
AS9100

Tijuana, MX

Facility: 50,000 sq ft

Employees: 288

Market Segments: Medical &
Industrial

Site Value Proposition: Flexible
medium to high volume assembly &
total system build

Manufacturing/Engineering

Capability: SMT & TH, AOI,
Automated X-ray inspection, ICT,
Flying Probe, Boundary Scan,
Functional & ESS test

Quality Awards: ISO-9001,
ISO-13485, AS9100, IPC-610,
600, J-STD-001C

OnCore Site Charters

Fremont, CA

Facility: 130k sq ft

Employees: 300

Market Segments: Military,
Medical, Industrial, Wireless

Site Value Proposition: Flexible
and Scalable low to medium
volume assembly & total system
build; dock to stock and logistics;
Service Depot; Quick Turn & NPI

Manufacturing/Engineering

Capability: SMT, POP & TH,
DFM/DFT, Level 6 box-build, AOI,
X-ray, ICT, Flying Probe, Functional
& ESS test, 5DX

Quality Awards: ISO-9001, ISO-
13485, IPC-610, J-STD-01C,
ITAR, CDPH Licensed

Suzhou, China

Facility: 37k sq ft

Employees: 125

Market Segments:
Communication, Industrial,
Instrument, High Speed Train,
Medical

Site Value Proposition: Flexible
low volume to high volume
assembly & total system build;
Global logistics; Quick Turn & NPI

Manufacturing/Engineering

Capability: SMT&TH, DFM/
DFT, level 5 box build, Conformal
Coating, AOI, X-ray, Functional
test, Burn in test, CNC routing for
PCB depanelization

Quality Awards: ISO-9001,
IPC-610
